## • Requirements and Education

### REQUIREMENTS

**10**

**Years of on-the-job experience in one or more of the areas of the Certified Manager of Quality/Organizational Excellence Body of Knowledge.**

\*A "Decision-making" position is defined as the authority to define, execute, or control projects/processes and to be responsible for the outcome. This may or may not include management or supervisory positions.

If you've been certified by ASQ as a quality auditor, reliability engineer, software quality engineer, or quality engineer, experience used to qualify for certification in these fields applies to certification as a manager of quality/organizational excellence, as long as the 10-year minimum requirement is met.

Candidates must have worked in a full-time, paid role.

**5**

**\*Years of on-the-job experience must be in a "Decision-making" position.**

### EDUCATION

Candidates who have completed a degree from a college, university or technical school will have part of the 10-year experience requirement waived, as follows (only one of these waivers may be claimed):

- **Diploma from a technical or trade school** — one year will be waived
- **Associate degree** — two years waived
- **Bachelor's degree** — four years waived
- **Master's or doctorate** — five years waived
